

WHO IS RESPONSIBLE FOR THIS OUTRAGE!?!

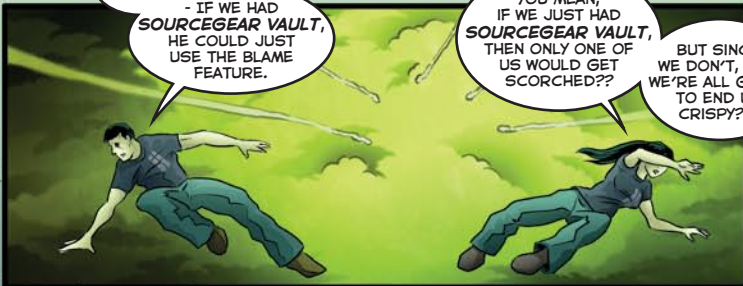

HE CAN'T FRY US ALL...

...CAN HE?

I HEARD THAT'S WHAT HAPPENED LAST SPRING WHEN THEY RAN OUT OF COFFEE.

KA-BLAM KA-BLAM

YOU KNOW -

- IF WE HAD SOURCEGEAR VAULT, HE COULD JUST USE THE BLAME FEATURE.

YOU MEAN, IF WE JUST HAD SOURCEGEAR VAULT, THEN ONLY ONE OF US WOULD GET SCORCHED??

BUT SINCE WE DON'T, NOW WE'RE ALL GOING TO END UP CRISPY!?!?

CLICK

I SPECIFIED THAT THE SPLASH SCREEN SHOULD BE DISPLAYED FOR A FULL EIGHT SECONDS, NOT FIVE!

WHOEVER CHECKED IN THIS CODE WILL PAY!!!

THAT'S IT! I'M GOING TO START USING SOURCEGEAR VAULT.

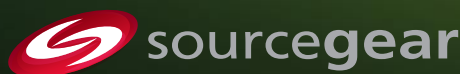

AT LEAST ON EVERYTHING EXCEPT THE ROUTINE THAT CHECKS HIS AMMUNITION!

Do you want an easy way to find out who made every code change?

Try SourceGear VAULT, the version control tool for small and midsize teams. Visit our website, download the product and begin your fully functional 30-day evaluation today.

With SourceGear VAULT, you'll always be able to find out whose code you are looking at, so you can, er, go ask them about it.
